## NEW 10 UL

AB's commitment to innovation remains on the forefront in the development and design of Light Aluminum Hull RIBs. Using the same high quality and Hypalon tubes, we offer a less-expensive version of our already popular AL series. The 3.17mm/0.125" thick marine-grade aluminum hull and non-skid floor of the new unpainted 10 model, combines durability with exceptionally reasonable pricing.

SPECIFICATIONS	10AL UL
