NEW 8 & 9 UL

AB's commitment to innovation remains on the forefront in the development and design of Light Aluminum Hull RIBs. Using the same high quality and Hypalon tubes, we offer a less-expensive version of our already popular AL series. The 3.17mm/0.125" thick marine-grade aluminum hull and non-skid floor of the new unpainted 8 & 9' models, combine durability with exceptionally reasonable pricing.
